

Infrastructure Layer

Programmable networks, datacenter transport, TEEs

RDMA over Optics (Part III)

Confidential AI (Part III)

Protocol Layer

QKD post-processing, PQC algorithms (KEMs/Signatures)

QKD Post-Processing (Part I)

PQC Algorithms (Part II)

Device Layer

Photonic sources, physical channel, quantum states

Integrated Photonic Sources (Part I)

Data Processing Unit (DPU)

Execution Substrate
& Vantage Point
